

## MERLIN WAKES?

*Merlin, the archetype of the Seer, is joined with the tree,  
the feminine potency of the Earth;*

*A requisite for Kingship from Celtic times – the basis of  
our Merlin legend.*

*Supported by a staff of horns symbolizing the spiraling  
cycles of Nature  
he is wedded to the land.*

*The Seer in our time is balanced between unconscious sleep  
and awakening.*

*Will Merlin Wake? Will it be in time?*
